# Why Not Join The "Income Extension

OUR salary, wages, fees, commissions—no matter in what guise your income reaches youshould not entirely "satisfy" you. You should be alert to "piece it out," to extend it. For that is merely "making the most of it."

"THE INCOME EXTENSION SOCIETY" is purely a ficticious namr for a very real and very active class of people in this city-THE PEOPLE WHO USE THE CLASSIFIED ADVERTISING COLUMNS OF THE NEWSPAPER.

Some of these "income extenders" use the classified ads, for securing better employment, with higher wages. Some of them find them useful in securing private pupils for otherwise idle evenings. Some secure tenants, boarders, roomers, buyers for the notused things in the house.

If you will look over the classified columns of this newspaper you will get a hint of the sort of people who believe in "income extension," and how they go about the matter.
